Application Purpose & Guidelines

The purpose of this application packet is to outline the skill set of the Project SEARCH student candidate. The student candidate should complete the application independently as much as possible. This application enables the Selection Committee to properly assess each student candidate's interests, skills, abilities and background. The Selection Committee includes representatives from Y.A.L.E. School and Jefferson Health as well as state and local representatives from the NJ Division of Vocational Rehabilitation, the NJ Division of Developmental Disabilities, and the Jewish Children and Family Services as the community rehabilitation partner.

When an application is submitted, the parent, student, counselor, teacher, or employer may be contacted by the Selection Committee to gather additional information. Our goal is to select students who will be successful in a Project SEARCH program and reach the outcome of competitive employment (working independently in the community in a permanent position of at least 16 hours).

Selection Process includes the following guidelines:

1. All students and parents are encouraged to attend an Information Session on December 7, 2023.
2. Submission of the completed application including the DVR Referral Form and the Release of Information Form to Y.A.L.E. School by March 1, 2024.
3. Submission of the School District's Approval to Y.A.L.E. School via email or fax by March 1, 2024. Please note on-time applications are prioritized. Late applications will be accepted, but only until all open internship spots in the program are filled. Contact Kitty Slater for more information.
4. Selection Committee will review the applications and interview the applicant, and, if accepted, match the student skill set and interests with the appropriate Project SEARCH opportunity.
5. If accepted, an Individual Education Plan (IEP) following the Project SEARCH model will be developed with the student's full IEP team and Project SEARCH team members for the 2024-2025 school year.
6. If accepted, students must pass a criminal background check and drug screening, and submit a current physical, immunization records, flu shot, IGRA blood test and COVID vaccination and booster certification.

Highest priority for acceptance will be given to students who meet the following:

- *Oldest* students (18 – 21 age range) with priority given those approaching their 21st birthday
- Students who have finished their necessary credits for graduation
- Students who will benefit from participation in a variety of internships
- Students who will use independent or public transportation to access work and the local community
- Students who desire to gain competitive employment (working independently in the community in a permanent position of at least 16 hours) at the end of the Project SEARCH program

Project SEARCH Family Guidelines:

This is going to be a huge year for your family. While there is a classroom component to Project SEARCH, interns are treated as employees, not students. This can be a stressful adjustment, especially within the first few weeks and as they move between rotations. A successful intern has a strong support network at home.

To support your young person through the application process and the Project SEARCH Program year, your responsibilities will include:

- Assist with applications and meeting deadlines, while making sure the Intern is completing paperwork independently as much as possible.
- Participate in a family meeting with a member of the Project SEARCH selection committee before the program begins.
- Follow through on all necessary transition paperwork with state and local agencies, or assisting Intern to complete thoroughly and accurately (DDD, DVR, SSI, Access Link, Medicaid, etc.)
- Attend family education workshops.
- Help the Intern make work-appropriate choices in clothing and personal hygiene.
- Provide Project SEARCH staff with a phone number where you can be reached via phone or text during the day and being available for spontaneous phone consultations where needed.
- Inform Project SEARCH staff immediately of any changes at home that may affect the Intern's performance or behavior at work, including any changes in medication
- Attend six Employment Planning Meetings with Intern and staff members..
- Reinforce to the Intern that the goal is to gain competitive employment (working independently in the community in a permanent position of at least 16 hours) at the end of the Project SEARCH program.
